---

We, the undersigned:

Biodiversity Advisory Panel (BAP):

1. Dr. Suci Utami Atmoko
2. Dr. Rondang Siregar
3. Dr. Puji Rianti
4. Dr. Onrizal

Based on the proposal submitted by PT Agincourt Resources (PTAR) regarding the mining activity (Activities) below:

- Construction of tailings placement facility (TMF west).
- Continued mineral exploration activity in Tor Ulu Ala (TUA) area.

Considering that:

1. BAP has carried out a series of recent Tapanuli orangutan surveys and phenology studies conducted within proposed work areas.
2. BAP has understood the nature of works of those proposed activities and hence able to do proper risks identification and mitigation of proposed activities to protection of biodiversity.
3. BAP is aware and has taken into consideration the results of High Carbon Stock (HCS) Report provided by Jardines Mattheson.

BAP hereby declare its approval of continuation of activities proposed mentioned above. PTAR has obligation to follow all the relevant procedures in ensuring protection of biodiversity in its operational area. **PTAR is also required and adhere to follow development methods, procedures, sequence, and timing of development mutually agreed with BAP.**

This Statement is made for appropriate use.
